

Homework 6 - Statistics 215a - Fall 2004 - D. R. Brillinger

The solution to this homework is due October 14 - there will be a question related to it on the midterm.

Read, at least, the first 14 pages of the paper by J. W. Tukey and M. B. Wilk "Data analysis and statistics: an expository overview".

The paper is included in the book of readings for the course.
